

THE COMPANY POLICY

Fortu S.r.l. Unipersonale, which manages Hotel Pasquale, has a goal and commitment to increasingly improving its environmental performance to protect the environment, including the prevention of pollution.

Therefore, the management of Fortu S.r.l. Unipersonale decided to implement an Environmental Management System and, by defining its operating procedures, reaffirms its commitment to:

1. maintaining a high degree of specialization and skills of personnel;
2. continuously improving the quality of work equipment;
3. ensuring maximum diligence in verifying results and in the search for continuously improving company performance;
4. complying with all environmental laws and regulations applicable to its activities, but also with other requirements that the organization adopts concerning environmental aspects;
5. systematically detecting the environmental impacts of its activities, understanding their effects and identifying their causes;
6. planning environmental objectives and related targets;
7. implementing environmental programmes and continuously monitoring the progress of these targets;
8. promoting and aiming to achieve open dialogue with local communities, environmental authorities and all interested parties.

Fortu S.r.l. Unipersonale has a structured reference framework for establishing and reviewing its Quality and Environment objectives and targets.
